Brief description of business nature

Statement of support

Biblomodel, manufacture the finest steel shelving system available for libraries in the market today. Since its foundation in 1981 Biblomodel has specialized in designing and manufacturing high quality products with the most attractive designs. Biblomodel's shelving system has been installed in many libraries around the world; more than 55% of our steel shelving production is exported out of Mexico. In the last ten years Biblomodel has increased its production in new markets like OEM market (sheet metal) due to the implementation of Lean Manufacturing, ISO14001 and 18001(we will be certified in May 2010), We also made furniture for the Institutional Market (furniture made to order with our own design) for Commercial Chains (Banks, Stores, Etc.).

Biblomodel has made a commitment to promote the integral development of our employees, their families and communities, caring that our processes do not harm the environment.

As a consistent act towards to achieve this commitment, we adhered to the Global Compact on September 24th 2008, whose principles, we apply and implement, thus endorsing, our commitment to continue acting according to them.

A global initiative of the Global Compact magnitude, allows us to recognize that the task of making the world a better place for our children and future generations requires the commitment and contribution of everyone, always with a focus on continuous improvement.

Biblomodel assume this commitment and we know that any action however small, increase this task.

The following report is our Communication on Progress (COP)

Signature
